

2019 FSE Roles

Controller

Prior to the exercise, the Controller will:

- Attend the in-person training on October 10th
- Review materials that are received at the October 10th training

On the day of the exercise, the Controller will:

- arrive at time instructed by the Exercise Lead, sign in, and assist with set-up
- attend briefing and provide instructions to Players
- monitor the FSE timeline and oversee all exercise functions during exercise
- remain in contact with Evaluator, Safety Officer, and Exercise Lead
- only give information specifically directed to disseminate
- work in collaboration with Safety Officer to supervise the safety of all participants
- facilitate the Hot Wash at the conclusion of exercise play to allow:
 - players to discuss strengths and areas for improvement
 - the Evaluator to seek clarification regarding player actions and decisions
- assist with cleanup to restore the area to pre-FSE conditions
- debrief with the Exercise Lead and Evaluator after the Hot Wash
- collaborate with the Exercise Lead and Evaluator to identify internal findings for the site-based portion of the After-Action Report/Improvement Plan
- if directed to do so by the Exercise Lead, attend the November 19th After-Action Meeting
